Danao City, Cebu

## SKILLS

- Digital Resource Management
- Library Systems Administration
- Technical Troubleshooting
- Subject Matter Expertise
- Curriculum Design

## LANGUAGE

- English
- Filipino

## ABOUT ME

I work as both an Electronic Information-in-Charge in the university library (**7 years**) and as an IT instructor (**4 years**). In the library, I manage online resources, digital tools, and systems that help students and teachers find the information they need. As an instructor, I teach IT subjects, guide student projects, and support learning in and out of the classroom. I enjoy using technology and teaching to make learning easier and more effective.

## WORK EXPERIENCE

### Library Staff

#### September 2018 - Present

- Manage online resources, digital tools, and library systems.
- Keep computers and electronic services running smoothly.
- Help students and teachers use online databases and research tools.
- Support projects that improve the library's digital services.

### Instructor - BS Information Technology

#### February 2021 - Present

- Teach IT subjects like programming, databases, and networking.
- Create lesson plans, class activities, and tests.
- Guide students in research, projects, and capstone work.
- Use online platforms and tools to support learning.

## EDUCATION

### Graduate Studies

Master in Information Technology

### Baccalaureate

Bachelor of Science in Information Technology
